
Admin: need assistance with SV record

Posted by in189067 - 2008/06/29 16:24

Hello Admin

On the excel summary page, ACCUSCORE PREDICTION RECORD, the SV units won ranging from 55% and up was 2520 units ending on Friday June 27th. The units won ending Saturday is showing 2583.

Which games were including for the positive return of 63 units?

SIDE VALUE R W ACC UNITS

Home Win 65%+ of Simulations 66 38 63% 340

Home Win 55-64.9% of Sim 265 221 55% 2243

Thanks

Admin,

I understand that you guys must be working on the upcoming Football season, however I think a week is plenty of time to answer my question.
