## D.Young starting for Pierre (not Repko)

Repko is still in the minors and will only get called up if Pierre goes on the DL. Delwyn Young is suppose to make the start (and bat leadoff) for Pierre in Houston (not Jason Repko), per Rototimes and Tony Jackson of the LA Times. Not sure what kind of effect it would have on your sim.

Well, never mind. At 1330 pdt Juan Pierre got placed on the DL and Repko was activated for tonight's game. Not sure if Repko or Young is starting.
